

# 2XL convEGGtor

2XL convEGGtor Basket + two 2XL Half Stones = 2XL convEGGtor

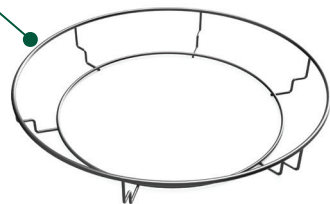

The Big Green Egg 2XL EGG accommodates a NEW design and easy to use dual-zone metal+ceramic convEGGtor for indirect cooking. The convEGGtor for the 2XL – made from combining the 2XL convEGGtor Basket + two 2XL Half Baking Stones – offers improved ergonomics when setting up for indirect cooking to utilize the full versatility of the EGG.

- The convEGGtor Basket allows for easy placement and removal of the convEGGtor
- Half stones give the user the ability to create full indirect, two-zone, and raised direct cooking setups
- The convEGGtor Basket encapsulates the stones, keeping an air gap underneath when placing the hot convEGGtor on a surface
- The half stones have a beveled edge, so when two are placed together there is no gap for direct flame
- Exclusive Big Green Egg design

2XL CONVEGGTOR BASKET + 2 2XL HALF STONES = 2XL CONVEGGTOR
